

# The Dimmer View

BY MAX GOODWIN

The Lemon Grove chamber of commerce is already into its first "big" project of the year.

The project is a "big" 12 foot long \$300 conference table.

They lost it. In the changes of address suffered by the chamber during the past several years they became separated from the table. A team of directors is attempting to track it down.

Philip Reister, a Lemon Grove man who was employed by this newspaper a couple of years ago in its advertising department, has written a book.

The title is "Truth of God" and it is being published by Exposition Press in New York.

Reister says that Charles Steinmetz, before his death in 1923, told him that the greatest discoveries in the next fifty years would be made in the spiritual realm. Reister says his book supports the prediction of the great scientist.

"Truth of God" provides perspective for those who are not satisfied with answers heretofore furnished by superstition and mythology, Reister says.

The book sells for \$3.00 a copy. Reister is now employed by the Star Lumber Co., of Spring Valley.

No one should quarrel with our belief that taxes during the next couple of years will continue upward.

From one of our spies at Sacramento comes the direction from which he thinks new taxes will come.

Horse racing will carry a heavier tax; so will liquor. Cigarette taxes will go up, and taxes on hotels and motels will be invoked. Higher corporation taxes are foreseen, and publications taxes are being eyed.

We wish just one study would come from there with a sincere philosophy for cutting down on spending and leaving taxes alone at the already-too-high level.

Or, if there's forgiveness even for heresy, taxes might even be cut.

Another one of our spies, the pokey one, tells us of an arrangement in the foothills cinema art and popcorn testing circles that has been going on for at least three years... but we just heard about it.

A motel, adjacent a drive-in theatre which is notorious for its long programs, worked out an arrangement with the theatre whereby the movie program is piped into each room.

Sheridan Hegland, State assemblyman representing you and me says letters from home are always welcome. Lawmakers are usually guided by the folks at home... but homefolk don't always make their wants known clearly.

Hegland sets down seven easy "rules" to guide letter-writers.

1. Be specific. Tell why you are for or against a proposal. To say you're against a bill is less effective than to say why.

2. Be original. Most legislators pay much less attention to a form letter or telegram. Some organizations simply use their membership lists, sometimes without even "clearing" with members to send fifty telegrams urging "yes" or "no." This is a waste of money.

3. Write, first of all, your own representative. An assemblyman, state senator or congressman is more likely to be impressed with a letter from his own district.

4. Write your name and address clearly. Your representative wants to reply.

5. Try to be constructive.

6. Don't expect any representative to agree with you 100 percent. Not even your own wife always sees eye to eye with you.

7. Above all, write. Letters are an important part of government. They do help shape policy. Almost without exception legislators are anxious to vote in line with the wishes of constituents. After all, it's our job to represent the people back home.

A few days ago there were some complexities of local life, which, I thought, added a fillip to day-by-day existence.

Like the two weddings recently, both held in La Mesa churches, on the same day and at the same hour.

The family of Rodney Keyes of North Clairmont headed for the wedding ceremony involving Dr. and Mrs. Lynn Lande's daughter Beverly Ann, at the La Mesa Congregational church at Third and Lemon streets.

The Keyes unintentionally got

## Broadway Survey Being Made

Anatole Shap, office engineer for the county road department, said a party is now surveying Broadway in Lemon Grove, preparatory to the ultimate improvement.

The county road department is on record as leaving the decision of the type of improvement to the property owners alongside the road.

The county proposes to widen the thoroughfare to 100 feet with an 18' foot center island at no cost to property owners.

Property owners may elect to get a 150 foot improvement without a center island by deeding right-of-way to the county for the area now outside the road limits and paying for improvement to the additional 25 feet.

Shap said the next step would be preparation of plans. He could give no estimate as to when the plans would be ready.

The Boosters Club Broadway improvement committee reported no further progress on the section east of Imperial. They have about 85 percent of the signatures needed to get the 150 foot improvement approved there. This committee, under Marshall Adams and Barbara Howell, has been in operation about 90 days.

## San Diego County Population Up Nearly 56,000

San Diego county's estimated population on January 1 reached 924,200, up from 868,400 in January, 1958, according to S. J. Arnold, general manager of California Taxpayer's Association.

The population figure for California is 14,784,000, up 2.9 percent in the last year.

Anticipating the next population landmark of 15 million for California, Arnold predicted, "If the 1958 rate of growth of a little under 1,200 per day continues, this milestone will be reached about the 4th of July—with the upturn in the economy, perhaps even earlier."

"Growth is the general pattern in California, though it does not exist in every county," Arnold said in explanation of what the over-all breakdown of population change by counties reveals. "California's population growth continues to be an urban industrial boom. The agricultural areas grow very slowly. The mountain counties generally are static or, in some cases, declining."

"Los Angeles county leads all others in gain in numbers since the 1950 census and Orange county leads in rate of growth. Both in numbers and rate of growth, Southern California leads in the state. Then central coast, which includes the Bay Area, is growing at a slower but nonetheless wholesome rate. Except for Sacramento county, and possibly Fresno and Kern, none of the valley counties show rapid growth."

## Republican Drive Set For Spring

The "Building for '60" fund drive program will be launched this spring by the Republican state central committee of California. Adopted at the January 11 meeting of the executive committee, the plan will broaden the base of the financial structure of the party by reaching the "grass roots" with a neighbor-to-neighbor type of fund drive.

Miss Jane Zimmerman of San Francisco has been named state-wide chairman of the program by state committee chairman, George W. Millias. Miss Zimmerman, former vice chairman of the Republican state committee, headed up the Thank You, Mr. President fund drive in Northern California in 1956.

Millias stated that in launching this drive, the Republican party is putting into immediate action one of the many programs outlined in its "blueprint of victory."

The program is designed to give all Republican party members an opportunity to participate and express their ideas about their party.

## Local Pilot Killed In Japan Crash

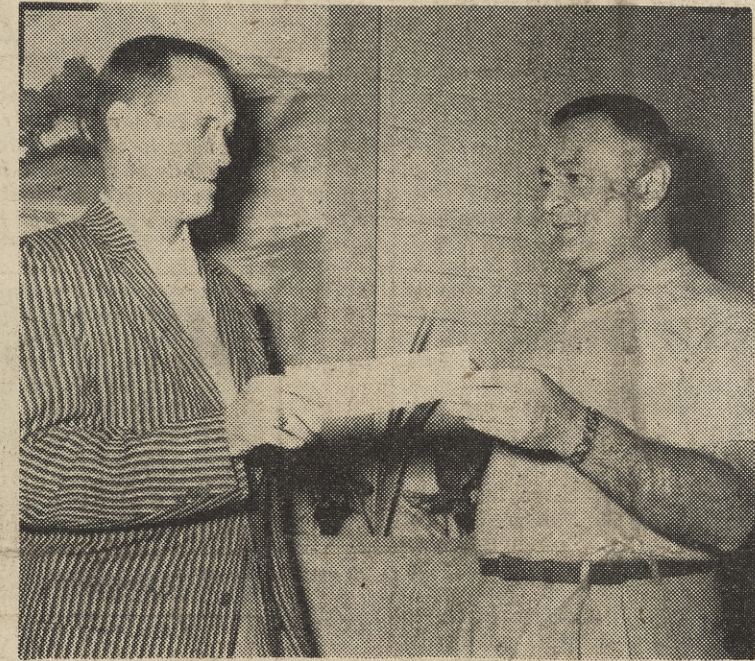

A former Grossmont High School and State College student was killed last week in Japan when his disabled jet plane crashed shortly after taking off from Tachikawa Air Force Base, on the outskirts of Tokyo, Japan.

The wife of 1st Lt. Burke Allen Bessher, 28, USAF, said her husband was killed after he maneuvered the disabled, T33 trainer away from a populated area. The plane crashed in open farmland, three-quarters of a mile from the Air Force base.

Lt. Bessher was attached to the 531st Tactical Fighter Squadron stationed at Misawa Air Force Base in Japan. His wife, Janet, and their son, Joseph, and daughter, Janet Ann, were in Japan with him. His family has returned to their home at 7155 Purdue street, La Mesa.

He is also survived by his parents, Mr. and Mrs. Harry Bessher of Colton, California.

Graveside services were to be held Thursday of this week at Ft. Rosecrans National Cemetery.

\$100 WINDFALL FOR POOL GROUP—It was a sad day for baseball fans, but a happy one for the Lemon Grove Swimming Pool Association when habitude of Harvey's cafe found the world series pool card had fallen behind a permanent bar and couldn't be retrieved. Since the winner couldn't be ascertained, donors to the pool agreed to take the pot, amounting to \$100, and present it to the pool group.

Shown above is Dr. Robert Burns, representative of the pool group, accepting the check from Harvey Gosselin, proprietor of the cafe.

Frank Doolin, president of the association, then issued a letter of appreciation to all for the "generous donation to the work the association is doing for the children of Lemon Grove. The cooperation and support of the community... have made the remarkable progress already attained, possible." The association now owns the pool site free and clear. Funds collected henceforth can be used for the pool.

## Lost Radiological Tester Via Apathy, C.D. Head Says

Skip Heidick, director of Civil Defense in Lemon Grove, told the Men's Club Friday that the dispersal area at Campo could house 5,000 persons in case of disaster.

He said the public was still apathetic about defense and reported that Lemon Grove had lost a radiological trailer because no one would agree to staff it.

He made a plea for some service club to take over civil defense locally, citing Borrego as a case in point. He said the Borrego Kiwanis Club had assumed civil defense responsibility and each of the club's members was appointed as a section chief.

Announcement was made at the meeting that state Senator Hugo Fisher had requested an opportunity to present a program on water on his next visit to his district.

## Teams Formed For Hoop League

Thirty-two boys have been selected for four basketball teams in the recently formed Saturday morning Matador basketball league.

The 13 and 14-year-old boys play at Mt. Miguel High School and are sponsored by Art Berry of the Lemon Grove Sporting Goods store. The teams are coached by Tom Welbaum Jr., former Helix High and Palomar College athlete, and Bert Cosby, member of the Lemon Grove school board.

Additional teams for another league are being formed.

## Proposed Freeway Property Fight Ended With Zoning Unchanged

SAN DIEGO (CNS) — After three months of deliberation among county officials on zoning for land owned by Bollenbacher and Kelton, Inc., on the proposed beltline freeway route, the subdividing firm said Tuesday it would be satisfied if it had no zone change.

## Massachusetts Is Through Highway

SAN DIEGO (CNS) — Massachusetts avenue was made a through highway by the county board of supervisors at their Tuesday session. They took the action upon the recommendation of the county traffic committee.

Affected by the ruling is the part of Massachusetts avenue between Madera avenue and Imperial avenue.

A through highway is a highway which has boulevard stop signs on streets running into it.

The land affected is a strip along the freeway route, south of Mt. Miguel High School, for which apartment house zoning was asked. Walter Bollenbacher, head of the firm, said the land was so narrow that it could only be used for apartments if the county didn't buy it for a road.

## ZONING UNCHANGED

On Bollenbacher's plea that apartment house zoning couldn't be obtained later when the area was built up, because of the objections of neighbors, his request was approved last fall by the county planning commission.

But when it came to the Board of Supervisors for confirmation Road Commissioner Joseph Mack opposed the zoning. He said it would only result in making the county pay more for the land if it had to buy it from Bollenbacher and Kelton.

The next decision of the Planning Commission was to put the land in single family residential zoning, along with the property in the general area. Most of it is owned by Bollenbacher and Kelton.

## ASKS ZONING UNCHANGED

When the action came up again before supervisors this week board members indicated they would go along with the Planning Commission recommendation.

N. B. Randall, representing Bollenbacher and Kelton, said his company would prefer to have the zoning, for duplexes, left the way it was before the whole question was opened. Supervisors voted to grant the request.

## Building Fire Damage Held To \$3,080 In 1958 By Lemon Grove Fire Dept.

The Lemon Grove fire department answered 174 alarms in 1958, which included 12 false alarms, Fire Chief H. L. Hensley reported to the fire commission earlier this month at the regular commissioners' meeting.

He said the department responded to 22 alarms of structural fires with damage held to \$3,080. Values of property involved totaled \$607,450.

The department responded to 19 vehicle fires. Vehicles value at \$9,880 suffered a loss of approximately \$900. A total of 33 emergency and first aid calls were also made.

Grass fires accounted for 65 calls. Twelve electrical fires were covered by the group.

The department issued 680 burning permits and handled 93 controlled burning jobs. The men do this job with district equipment on their off duty hours and are paid by the property owners.

Fire Inspector Captain Ray Carmody made 1,042 inspections of Lemon Grove property during the year.

Regular firemen put in 1,821 hours of drill. Paid volunteer firemen put in 248 hours. The men attend special fire school for 254 hours.

## \$320 Goes Back In Drawing 'Pot' Until Friday Night

Money prizes at the Friday night Lemon Grove merchants' and Booster Club's Jackpot Drawing went unclaimed again last week for the "umpteenth" time.

The top prize of \$320 would have gone to Norma Higdon of 8060 Darryl street. Hers was a 20 percent ticket. There was a total of \$1,600 in the "pot."

Earl Nelson, Booster Club president, reported other tickets drawn belonging to persons who didn't attend the drawing at the plaza, were: Mrs. O. R. Wallace, 4526 Alhambra street, San Diego; Doris Fachler, 1604 Woodrow street; Billy Maruso, 3231 Kempf street, and Angela Clifford, 3635 Niblick drive.

Merchandise prizes were awarded to: Clarence Schidel, Lemon Grove; Margorie Hall, La Mesa; Wynona Mayfield, La Mesa; Mrs. R. B. Sanders, Lemon Grove, and Doug Andrews, Lemon Grove.

Lemon Grove merchants distribute tickets free for the weekly drawings. Another drawing will be held Friday at 7 p.m. at the plaza.

## Solicitors 'Conning' Residents

Several complaints of magazine solicitors misrepresenting themselves have been made to the Sheriff's Department and area high schools by Lemon Grove and Spring Valley residents.

Sheriff's Department spokesmen and high school officials reported they received calls from irate residents telling of the solicitors, working door-to-door, who claimed they were students at Helix and Mt. Miguel high schools and urged the residents to buy subscriptions merely because they were students at the schools.

A check made by deputy sheriffs with school officials determined the youths were not enrolled at the schools. Further sleuthing by deputies revealed the youths are registered at the Pickwick Hotel in San Diego and are representatives of an Indiana reader service which is canvassing the county. Several complaints were received from the Del Mar area, deputies said. All of the youths are from the Los Angeles area, it was learned.

Bob Ryan of the El Cajon and Lemon Grove Sheriff's Department offices, said he informed the district manager of the reader service, officials would take away the solicitors' licenses and force them to leave the county if another complaint is received. Ryan said approximately 15 solicitors are working in this area.

## 14-Year-Old Boy Held For Burglary

A 14-year-old Grossmont High School youth was referred to the county Probation Department Thursday of last week after he was arrested for three burglaries. Two of the burglaries were attempts. The boy has admitted the burglaries, it was reported.

He has been charged with taking liquor Christmas Day from a real estate office at 8923 La Mesa boulevard and attempting to burglarize a beauty salon at 8886 La Mesa boulevard and a malt shop at 8806 La Mesa boulevard.

PRETTY PIE MAKER—Seventeen-year-old Karen Trenholm, a senior at Helix high school, shows her mother how a prize-winning pie should look before popping it in the oven. Karen should know because she took first prize Saturday in the preliminaries to the San Diego county 27th annual national cherry pie baking contest held at Pt. Loma high school. Karen is the daughter of Mr. and Mrs. Louis Magro of 3564 Harris street, Lemon Grove. Janet Holt of Riverside, won the state-wide contest Friday held in Van Nuys in which Miss Trenholm competed. Miss Holt will represent California in the national bake-off to be held in Chicago February 19.

## Professional Growth Day To Be Marked At Local Schools

The annual Professional Growth Day for teachers in the Lemon Grove School District means a "day off" for the students but a long, laboring day for the regular staff. Beginning at 9 a.m. Monday, the program continues through the afternoon until 3 o'clock with speakers, observation, and workshops for teachers and administrators.

Frank O. McIntyre, CTA director of public relations from Los Angeles, will deliver the "kick off" speech to the staff at the junior high auditorium. His address will be followed by a talk and demonstration by Dr. Neil Lamb, long range planning administrator at Convoir. His talk will be "Planning for the Fourth Dimension."

In the afternoon, teachers have,

following requests, been assigned to one of the following activities: "Creative Writing at the Primary Level," led by Mrs. Ise Hanning; "Mechanics of Reading in the First Grade," led by Mrs. Barbara Myers; "Individualized Reading in the Middle Grades," under the direction of Mrs. Lockey Palermo.

Also "Spelling in the Middle Grades," led by Sy Metzner, and a demonstration and workshop on the use of water colors by W. A. Thomas. All local staff members will lead these groups. Three special programs, including a tour of Juvenile Hall, a conducted trip through the Museum of Natural History, and a program for kindergarten teachers will also be offered.

## PT&T Man Named Fund Chairman

The United Fund last week named Jack K. Lovejoy campaign chairman for the 1959 annual fund drive.

The appointment was announced by Herbert Kunzel, fund president, at a meeting of executives and presidents of beneficiary agencies at the fund's San Diego headquarters, 3535 Enterprise street.

Lovejoy, 43, division commercial manager for the Pacific Telephone & Telegraph Co., succeeds Clair W. Burgener, last year's campaign head.

Lovejoy's appointment stressed the early start of planning and organization for this year's United Fund campaign.

"Our annual campaign leaders conference, held in July last year, has been set for February 17-18," Lovejoy said.

"In two days of this week we already have more than 300 campaigners recruited for the fall drive, and we are just getting started."

## 'Woody' Hayes To Speak At St. Augustine High Appreciation Night

The mastermind behind Ohio State's championship caliber, conservative brand of power football, Wayne Woodrow (Woody) Hayes, will be the principal speaker Thursday of this week at the St. Augustine high school fifth annual Appreciation Night banquet to be held at 7 p.m. in the Palm room of the U.S. Grant hotel.

Hayes will also explain the fundamentals of his football system to San Diego county grid coaches at a clinic also on Thursday, to be held at the high school at 2 p.m.

Special guests at the banquet include Solly Hemus, manager of the St. Louis Cardinals baseball team; the Very Rev. James A. Donnellon, president of Villanova University, and Rev. George J. McLaughlin, Villanova's dean of men. Father Donnellon is also scheduled to address the 800 persons expected at the banquet to honor high school administrators and coaches of San Diego county.

Hemus is to be honored by St. Augustine high by being installed as the first member of the high school's Hall of Fame on January 23 at 10 a.m. during ceremonies in the St. Augustine gymnasium.

Hayes will present a trophy during the banquet to the prep football coach named "Coach of the Year" by a vote of his colleagues.

**GOODWILL DOLLS**—Mrs. Charles Spisak, above, of Lemon Grove, whose husband is assistant executive director of the Goodwill Industries of San Diego County, is shown as she was installed as the 1959 president of the Goodwill auxiliary. Installing Mrs. Spisak is Richard Nelson of San Diego, national president of the organization, which is the nation's largest employer of the handicapped. At the installation ceremony, three of the auxiliary's 1959 projects are typified. The doll being handed to Mrs. Spisak is for the 1959 National Goodwill doll show, February 2-7, which will be sponsored by the auxiliary at Goodwill Industries, 402 Fifth avenue. The old British silver pitcher on the stand below typified the Antique in Silver show, which will be sponsored by the group next fall during the Poinsettia Mid-winter Festival. Mrs. Spisak is wearing a civil war type gown, indicative of the costume museum, to be established by the auxiliary.

## BBB Warns Residents Of Winter Schemes To 'Beautify' Grounds

With gardening a favorite year-round pastime in San Diego county, thousands of local residents continue to order plants and gardening gadgets throughout the winter months. Your local Better Business Bureau advises you to be on the lookout for schemes which promise special goods or services and deliver little or nothing for your dollars. For example, a midwestern firm some time back advertised 100 tulip bulbs for \$1.69. The San Diego bureau, along with bureaus in 16 other cities, bought a large quantity of the bulbs, planting 2,734 of them. A leading San Diego nursery planted 356 bulbs. Not one bloomed! Of

the total number purchased, only 72 yielded blossoms.

As a result of these tests, the company agreed to a Federal Trade Commission order that prohibited misrepresentations in advertising.

Later this company came to bouts with the FTC again by offering a quantity of "gorgeous rose plants" for only \$2.98. This was offered as a "\$26.67 value"—but no roses were included in the shipment.

### SPRINKLER SCHEMES

When ordering by mail, remember that if an offer for flowers or shrubs sounds too good to be true—it probably is. Know your merchant, your San Diego Better Business Bureau advises.

With an increase in the popularity of lawn sprinkler systems have come many competent contractors who offer quality products and lower prices. But there has been an upsurge, too, in the number of fly-by-night operators.

Don't be caught by one who demands money in advance, then never completes the promised project. Don't be talked into fantastically low prices for the installation of a sprinkler system. Extremely low prices are often indicative of inferior merchandise.

Customers have sometimes discovered, too late, that the sprinklers installed were of such poor quality that the entire job had to be done over. Others have not been able to make replacements when defective parts failed. If in doubt, check with the Better Business Bureau.

### TREE 'CLIPPERS'

Other schemes involve lawn beautifiers who spray winter grass with a "miracle" coat. It turns the lawn green, all right, but it washes away with the first rain. Then there are the alleged tree "doctors" who offer to save your ailing trees from dying—for a price. And the pseudo-tree surgeon, who clips off limbs at a nominal price per branch, then clips you but good with a tremendous bill when the job is done.

San Diego has many reputable firms and experienced nurserymen. Be sure to deal only with those who can substantiate their contracts and guarantees.

## Escrow Office Opened Here By Allison-McCloskey

The Allison-McCloskey Escrow company has opened an office in Lemon Grove at 8010 Broadway, opposite Kempf street.

The company handles all types of escrows, including both real property and business sales escrows.

The main office of the firm which now has branches in La Jolla, Pacific Beach and El Cajon, is at 4820 El Cajon boulevard, San Diego. More than 20 persons are employed by the firm. David Gibson has been named manager of the Lemon Grove branch.

The firm was founded in 1946 by Joseph M. Allison and John J. McCloskey. McCloskey bought out Allison's interest four years ago and has since established other branches.

McCloskey purchased the Broadway property and remodeled the building recently.

"We have a special affection for Lemon Grove," he said. "We do all of our shopping here. My grandfather owned a large part of the community now known as Lemon Grove about sixty years ago. He used it as a sheep ranch. He sold the ranch and invested the money in the railroad running through Lemon Grove and lost his shirt."

McCloskey said the next generation recovered some of the family finances in ranching in Imperial county.

McCloskey is a life-long San Diego resident who lives with his wife and three sons in the Mt. Helix area.

## Tryouts Scheduled For Little League Candidates

Tryouts for 10-year-old boys in the Lemon Grove area for Little League baseball will be held Saturday at 9 a.m. New boys and minor leaguers of last year are included in this group. Tryouts will be held at the Little League park in the rear of Monterey Heights school.

A weekly clinic for coaches and managers is being held at Johnston school, Emerald Hills. These sessions have proved very informative for present and prospective Little League leaders. Guest speakers have included Ray Boone, major league player, and Bob Kerrigan, well-known local business man and former major league player.

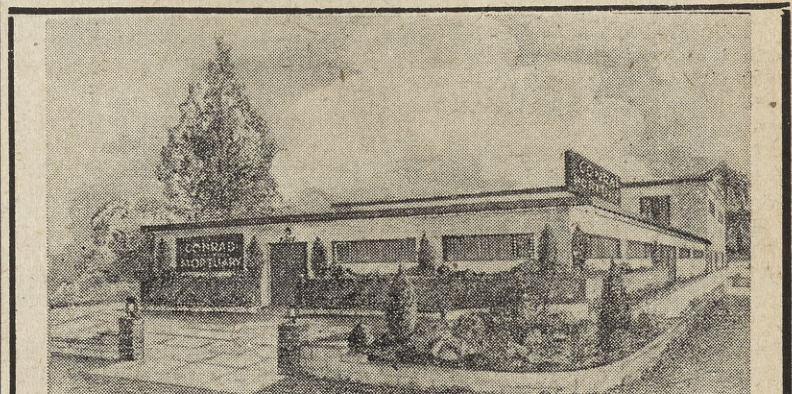

The clinic is open to anyone interested in becoming a coach or manager who may feel he would like to help out. For time and location of the next clinic meeting contact either Carmine Ursillo, Little League president at HO 9-2395 or Al Burke HO 9-6592.

## 'The Fifth Sparrow' Is Sermon Topic At Vista La Mesa Church

"The Fifth Sparrow" is the unusual sermon topic Rev. William T. Nichols has chosen for his sermon subject Sunday morning in the 9:45 and 11 o'clock services in Vista La Mesa Christian church.

Dr. J. S. Pennepacker of California Western University will be the speaker for the last session of the World Friendship School. He will meet with the high school and college-age section at 6:40 p.m. for an informal discussion of the Middle East, and then speak during the worship service in the sanctuary at 7:30 p.m. The Youth Council will be in charge of this service, "Help Them to Know the Living Christ," with the youth choir singing, "The Whole Wide World for Jesus," directed by Janet Wade.

Refreshments are served in Fellowship Hall at 6 p.m. with informal games and a song period.

### Intermediate, Advanced Accounting Courses Being Offered Here By University of California

Business people, bookkeepers, and others who need to improve their professional knowledge of accounting will be able to choose from two courses, intermediate accounting and advanced accounting, during the University of California extension school's spring semester in San Diego.

According to C. A. Lewis, extension director, the two courses are again being offered in San Diego by UCE because of the many requests for them from residents of the city.

The spring semester begins February 9.

The intermediate accounting course covers such subjects as adjustments, working papers, cash and receivables, inventories, investments, fixed assets, intangibles and deferred charges, lia-

bilities, capital stock, surplus, installments, statements and application of funds.

The advanced course explores problems of partnerships and joint ventures, agencies and branches, consolidated financial statements, statements of affairs, receiverships, realization and liquidation statements, estates, trusts, and actuarial accounting problems.

Each course meets one night per week from 7 to 9:30 p.m. at Roosevelt junior high school, 3366 Park boulevard, San Diego. The intermediate course starts February 12, and the advanced classes begin February 9.

Instructor for the series is David Alpert, a certified public accountant and a partner in a local accounting firm. Alpert was formerly a Los Angeles CPA and on the faculty at UCLA. He holds a master's degree in accounting from UCLA.

Enrollments are now open and may be completed at the University extension office, 1221 Fourth avenue, San Diego. Further information may be obtained by writing or calling the extension office. The UCE phone number is BE 2-7321.

★ The 1958 LOOK magazine award for the best musical show on TV has gone to the Perry Como Show, co-sponsored by the dairy farmers of America through the American Dairy Association.

RECEIVES DOCTORATE—Dr. Marguerite Brydegaard, associate professor of education at San Diego State college acquired her doctorate in December at Claremont college graduate school. Dr. Brydegaard supervises Lemon Grove student teachers at San Diego State.

### Congressman Utt Returns To Ways-and-Means Committee

Congressman James B. Utt of the 28th California congressional district, which includes Lemon Grove and Spring Valley has been returned to membership on the committee of ways and means by action of the House Republican conference. The California legislator had previously served on the committee in the 83rd Congress and will have significantly increased committee seniority in the new congress.

Utt advances to the eighth

ranking position on the committee and succeeds a veteran of 12 years of legislative service in the new ranking.

The committee on ways and means is one of the oldest committees in the House of Representatives, having been established in 1789. It is generally referred to as the most important committee in the congress because of its original jurisdiction over such legislative subjects as taxes, social security customs and tariffs.

The ranking committee Republican, the Hon. Daniel A. Reed of New York, observed in connection with the appointment of Utt that the California legislator's past distinctive record in the congress promises even greater accomplishment in the future under the circumstance of Utt's increased seniority. Reed commented that this increased seniority will give the California tax expert greater authority and influence on legislation affecting taxes, social security and tariff policies.

### SD Store To Have Program On Aviation

In a salute to aviation, Walker Scott Company this week is presenting an air travel fair in co-operation with SAS (Scandinavian Airlines System Inc.)

The fair will be climaxed at 5 p.m., Saturday with awarding of an SAS polar flight to Europe for two persons at a drawing in Walker Scott's third floor fashion department. The SAS flight will be a first class, all-expenses-paid trip which will give the winners six days in Paris and four in Copenhagen.

"The Walker Scott Company takes this opportunity to pay tribute to aviation and to the advances it has brought to the entire San Diego area," George A. Scott, president, said.

Through the cooperation of Convair, San Diego, the store is decorated with models of Convair planes, including the new 880 jet liner, now being tested, which will be used on the polar flights by SAS in the future. SAS is one of Convair's largest customers.

In order to participate in the air travel fair trip contest, store visitors fill out coupons available in the men's section, downstairs store, and on the third floor.

A jet pilot will be on hand in the fourth floor boy's department Saturday to talk to the youngsters about jet flying.

### Nutrition Topic At Nursery Meet

Nutrition will be the topic of the Southern California Nurserymen's Institute to be held at the Los Angeles campus of the University of California on January 27.

According to Seward Besemer, University of California farm advisor in San Diego county, nutrition of nursery crops is a subject of growing importance. Topics to be presented in the all-day program include "What Fertilizer Elements Do Nursery Plants Require," "Iron Chlorosis," "Standardization of Soil Mixes," and "Water, Fertilizer and Salinity."

The meeting will begin at 8:30 a.m. in room 2250 of the chemistry building of the UCLA campus. All nurserymen, wholesalers, retailers and consumers are invited to attend.

### Dr. Margaret Brydegaard Receives Education Ph.D

Dr. Margaret Brydegaard, well known in education circles in Lemon Grove and nationally for her work and research in mathematics, received her Ph.D. in December.

She is associate professor of education at San Diego State college where she supervises San Diego State student teachers at Vista La Mesa and Golden avenue schools.

This slim, energetic teacher lives at 1343 Helix drive, near El Cajon. Her architect husband, Herluf Brydegaard, was designer of Mt. Miguel high school and numerous other high schools in the San Diego area.

She received the degree in December from Claremont college graduate school. Her dissertation concerned research in the area of language with emphasis on spelling. Her major professional interests are developing creative teaching of mathematics and creative writing on the elementary level.

An intense person with a strong conviction that advanced math studies must be based on sound elementary instruction, Dr. Brydegaard is nationally active in her field. She was recently selected as a participant of the school mathematics study group, a national organization headed by Dr. E. G. Bogle of Yale University and dedicated to improving the teaching of mathematics.

She will attend an SMSG conference in Chicago in February to survey mathematics teaching in the elementary schools and to make recommendations.

Since 1956, Dr. Brydegaard has been associate editor of "The Arithmetic Teacher," a publication of the national council of teachers of mathematics. From 1954 to 1956, she was on the editorial board of the association for

### Supervisors Appoint Two HID Officers

Two officers have been appointed to the Helix Irrigation district by the county board of supervisors.

Appointed were Carl Mehl, to the post of assessor-collector-treasurer, and Nathan L. Eggert as division director. Both are incumbents.

Board of supervisors appoint persons to district positions when nobody files papers to contest incumbents' seats at elections. The Helix district will hold an election February 3. Mehl and Eggert are unopposed.

Two men have filed papers to run against incumbent Harry Griffen in the district's third division, Lemon Grove and Spring Valley area. They are Jesse E. Lee of Lemon Grove and Lemont O. Brand of 1565 69th street.

### Plaster 7,000 Years-Old Found

Archeologists recently have discovered what may be the oldest example of the plasterer's art, according to Julian D. Cale, field service director of the Plastering & Lathing Institute of San Diego county.

Cale reported that British and American archeologists, digging into the debris of ruined houses where the city of Jericho once stood, discovered seven curiously-shaped ornamented skulls. On the face of each skull was a layer of plaster, carefully sculptured into human features and painted to resemble flesh. Eyelashes had been added in black paint and in place of the eyes were slotted sea shells.

Cale explained that while archeologists do not yet know the significance of the find, they do know that the artifacts are nearly 7,000 years old and that the plaster was in an almost perfect state of preservation.

## Work On New Hospital Wing Started This Week

More than 200 persons attended the ground-breaking of the \$1,699,500 addition to the Grossmont hospital Friday afternoon.

Actual work started on the 134-bed addition Monday morning. The new wing is expected to be completed by April 1, 1960. It will be 53,410 square feet.

Forace L. Boyd, acting president of the district directors, turned the first spadeful of dirt. When the building is completed, personnel will be increased from 260 to 475. The bed capacity will be more than doubled. Added also will be two surgery units,

making a total of five; another delivery room making a total of three, a new observation ward of nine beds, a new hydro and physical therapy room, and an enlarged isotope laboratory.

Among those introduced at Friday's ceremonies were Homer Streich and Jack Atkinson, board members; Louis Peelyon, administrator; Dr. Tom Richey, chief of staff; Mrs. Nan Couts, first president of the women's auxiliary; Mrs. Von Marshall, auxiliary president, and Stanley Andrews, former board member.

The hospital district was formed in 1952 and comprised 730 square miles. It has a current population of 155,000. It was 65,000 when the hospital opened August 15, 1955. The district serves La Mesa, El Cajon, Lemon Grove, Spring Valley, Santee, Lakeside, Alpine, and a portion of San Diego.

Residents within the district enjoy a \$2 a day discount on room charges. Patients, and their doctors, however, may come from anywhere.

### Kuchel Speaker For Lincoln Day Event

U.S. Senator Thomas Kuchel (R-California) will be San Diego Lincoln Day speaker, it was announced Friday at the Lemon Grove Men's Club by Dr. Frank Gigliotti, president of the Men's Republican League.

Lincoln's birthday is February 12 but the annual event, this year at the U.S. Grant hotel, will be held at noon, February 14, in order to meet the Republican Senate whip's schedule.

### Area Man Wins National Award

## Grossmont's Warburton Named 'Principal of the Year'

John T. Warburton, 37-year-old principal of Grossmont high school has been named "Principal of the Year" in a nationwide contest.

Warburton, who lives in Grossmont with his wife and three youngsters, was vice principal of Helix high school from 1950 to 1953.

During this period he became president of the Lemon Grove Kiwanis Club. He, together with Channing Mason, a local business man, headed the local March of Dimes drive and established an all-time high record of \$5,000 for receipts.

Warburton, together with Mason, started the Lemon Grove Swimming Pool Association, a group still active and solvent.

The award is an annual event sponsored by the Arthur C. Croft Publications Institute of New London, Conn. Thousands of principals from all over the U.S. are considered for the honor each year.

Nominations may be made only by teachers. Those who made the nomination and backed the nomination up with a letter were Jean Creelmon, physical education instructor; Mary O. Smith and Leone Finalle, English teachers, and John Wilton, chemistry teacher.

The teachers pointed out in their letter that while Grossmont high school, with its population of 2,400, was one of the oldest secondary schools in the district, the school population has been split three times in the last eight years because of population growth.

In spite of this the school has not suffered a breakdown of traditions and loyalty and has remained one noted throughout the west for its outstanding scholarship, excellent school spirit and high faculty morale.

The teachers said the school's reputation, under the direction of Warburton the past four years, "has increased to such an extent that parents moving into the district eagerly seek homes that will permit their children to attend this particular school."

The teachers also said of Warburton, he is "old enough to be levelheaded, young enough to radiate the energies and enthusiasms of youth. He has a keen sense of humor, a frequent full bodied laugh; yet a serious, honest approach to the problems of his profession."

"On the basis of these facts we are proud to nominate J. T. Warburton . . . principal of the year."

The letter covered Warburton's record of professional activity. His four years at Grossmont had resulted in the high school becoming an educational showpiece in the state. Some of the programs Warburton is credited with are:

A two-track system for college and non-college students. This system has been adopted by the entire district;

A definite plan for course prerequisites leading to college and

vocational training;

A Gifted Child Program that became a pilot program for the State of California; and

A schoolwide year-to-year testing program in aptitude and achievement.

Also a build-a-home project for student carpenters; Establishment of a class in Russian and re-emphasizing the importance of German, and a before-school science lab to encourage creative projects in physics and trigonometry.

Warburton's accomplishments, the letter said, include an honors program, a special science program, his encouragement of the Grossmont Rocket Society and a reading lab.

Warburton holds M.A. and B.A. degrees, both of which he obtained at the University of California. He is completing his dissertation presently for a doctorate at UCLA.

School officials said teachers are arranging a dinner in Warburton's honor tentatively scheduled for January 30 at the school cafeteria.

### Pastors' Group Gets New Name

Pastors of churches in Lemon Grove, Spring Valley and surrounding areas this week announced a new name for their local association. It will be called the Homeland Pastor's Association and the group will encourage pastors from all churches in the general area to take part. It was formerly named the Ministerial Association.

Chairman of the group is Rev. H. C. Bakken, pastor of the Lemon Grove Lutheran church. Meetings are held the third Thursday of each month at 8 a.m. The February meeting will be held at the home of Rev. Blaine C. Bronner at 8919 Kenwood drive, Spring Valley. Bronner is pastor of the Friends church of Spring Valley.

### Presbyterian Church Elects 39 Officers For 1959 Term

Officers for the Trinity Presbyterian church were elected for the 1959 term on January 11. Elected were:

Elders, Jim Kitchen, Marcus LaDue, Truman Kusk, Bill Sunderson and Norman Wylie; trustees, Russell Bope, El McBurney and Paul Nill.

Deacons, Andy Hargrave, Mr. and Mrs. Ed Strong, Mr. and Mrs. M. R. Woodard, Mr. and Mrs. John Wing and Mr. and Mrs. James Stiteler; audit committee, Jack Kipp, chairman; Paul Culy, Chet Smith, Allyn May and Hubert Sturdivant.

Ushers (9:30 service), Robert Wade, head usher; Thomas McBurney, James Billings, Richard Irwin, Richard Mayfield, Ralph Custer, Kenneth Klein and Clarence Watters; ushers (11 o'clock service), Hans Neyndorff, head usher; Elmer Becker, David Sandoval, Lester Steward, George Whyte, Ralph Boldrick, James Turner and Louis Vogel; treasurer, Joe Mayfield.

Mrs. Strong was also elected to serve as wedding hostess for the church.

### 'Winterize' Your Driving Habits, Says CHP Official

"It is just as important to 'winterize' your driving habits as it is to 'winterize' your automobile," advises R. Gautsche, head of the San Diego area office of the California Highway Patrol.

"Winter-time driving differs considerably from good weather driving," Captain Gautsche continued, "and requires different techniques. The principal difference, of course, is that a speed that may be safe on dry pavement could easily be much too fast on a wet slippery street or highway. This means that slower speed is a must when driving during a rainstorm or in fog."

The highway patrol official also noted that many winter sports enthusiasts will be driving to snow areas during the next few months. He cautioned them to adjust their driving techniques to the existing conditions.

"Driving on snow and ice, even with chains, is far more dangerous than driving under ordinary conditions. The experts know that they have to drive more slowly; the less experienced drivers should follow the experts' lead and also reduce their speed to a point where they have absolute control over their vehicle at all times."

## Now—Run Your Car Without Spark Plugs—

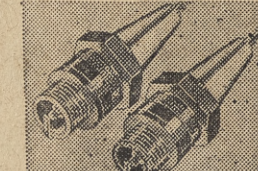

Get Up to 31 More Horse-Power, 8 More Miles per Gallon USING ONLY REGULAR GAS!

Yes—this revolutionary new FIRE INJECTION SYSTEM—installed in 15 minutes, must deliver maximum power and economy WITHOUT CHANGING TO HIGH-PRICED PREMIUM GAS—must give you up to 31 more H.P., 8 more miles per gallon for the life of your car! See unprecedented GUARANTEE below!

Your car runs because gasoline is fed into the cylinders where a spark causes it to fire. Now here is the important thing. The larger this spark is the more powerful the explosion. The more powerful the explosion, the more power you get from a given amount of gas. Poor explosion means wasted gas, loss of power, poor getaway, bad starting, a sluggish car. Good explosion means more miles per gallon, more horsepower, blazing pickup; an exciting car to drive!

### WHAT CONTROLS ENGINE EFFICIENCY?

Spark plugs control the efficiency of that explosion. And not only do they give a small, weak spark to begin with, but they get worse every mile you drive. And that you can see

for yourself. Put a new set of spark plugs in your car and then look at them at 100 miles, at a thousand miles, at 5,000 miles. Every time you look you will see more filth and carbon and more of the precious electrode burning away.

### STOP USING SPARK PLUGS!

Now, read very carefully what I'm going to suggest . . . that you stop using spark plugs! That's right—get rid of them—forever. But . . . if you get rid of your spark plugs, what will ignite the gasoline and make the motor run?

Well, please remember that today you can have gas injection and get far more mileage, efficiency and power from less gas—and in a few years gas injection will have completely replaced the carburetor. In the same way, now is the time for Americans to replace old-fashioned, temporary, inefficient spark plugs with a modern, efficient, permanent fire injection system.

### PAYS FOR ITSELF IN ONE MONTH!

Now, the SA FIRE INJECTION system is so inexpensive that it can pay for itself in one month of driving. Forget for the moment about the extra pep, power, performance . . . the savings in spark plug servicing and replacement . . . the savings in wear and tear on pistons and cylinders. Just remember this fire injection sys-

tem will pay for itself in one month of driving! Here's how: A spark plug jumps a spark across an air gap, limiting the size. A fire injector fires on the surface of a conductor. You get a heavy, powerful flame that will not blow out at pressures far greater than those created by the highest compression engine!

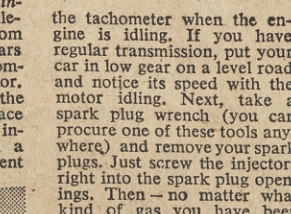

On ordinary spark plugs the air gap is always getting bigger, wasting power and gas. Plugs are constantly accumulating filth and carbon because of inefficient ignition. A fire injector has no air gap and no electrode to burn away. It never needs cleaning or setting; it actually becomes more efficient with use. It will actually outlast any car, delivering maximum efficiency without servicing or replacement.

With ordinary spark plugs you should be using premium gas, which costs from 4 to 8 cents more than regular gas. With fire injectors regular gas will give you up to 8 more miles per gallon, up to 31 more horsepower—plus easier starting in all weather.

These are some of the reasons that the U. S. Air Force pays premium prices for special aircraft fire injectors for its high-powered engines of their jet aircraft.

### PROVE IT TO YOURSELF!

If you have automatic transmission, make a note of how fast your car crawls forward when it is in the drive position, with the motor idling. If you have a sports car, a racing car or a boat, make a note of the RPMs as indicated on

the tachometer when the engine is idling. If you have regular transmission, put your car in low gear on a level road and notice its speed with the motor idling. Next, take a spark plug wrench (you can procure one of these tools anywhere) and remove your spark plugs. Just screw the injectors right into the spark plug openings. Then—no matter what kind of gas you have been using—all your tank with the poorest regular gas you can buy. That's all you have to do to see the most amazing results you can imagine!

### CHECK YOUR RESULTS CAREFULLY.

If you have automatic transmission—now put your car in drive and let your engine idle. If your car stood still with spark plugs, it will move for-

ward at from 4 to 6 miles per hour; that means that the amount of gas that just kept your engine turning over will now carry you up to 6 miles at no cost to you!

If you have a racing car, sports car or a boat, your RPMs will increase up to 200 more at idling—up to 300 more at higher speeds. If you have regular transmission, in low gear and with your motor idling your car will move forward 4 to 6 miles per hour faster. In other words, no matter what you drive, here is my absolute proof that you can go further, faster and cheaper when you install SA FIRE INJECTORS in your car!

### SEND NO MONEY—JUST MAIL THE COUPON!

Up to now these SA FIRE INJECTORS were practically made by hand and would have had to sell for as high as \$5 each. But we knew that 30 or 40 dollars for a set of 6 to 8 SA FIRE INJECTORS was more than the average driver could afford—so we decided to get the price down so low that these injectors would pay for themselves 12 times, in one year of driving. So here is my astonishing proposition. If you will check your car's performance carefully before and after you install your SA FIRE INJECTORS and then tell your friends and neighbors about them, here is what I am prepared to do for you.

You can have a set of SA FIRE INJECTORS for the year and model of your car for a fraction of their value—that's \$1.49 each . . . only \$8.94 for a 6-cylinder car or \$11.92 for an 8-cylinder car. Now, if your SA FIRE INJECTORS don't meet my GUARANTEE—if they do not continue to deliver maximum performance for the life of your car . . . you get your money back on 10-day no-risk basis.

### Yes, I want new pep, power and performance from my automobile! Please send me:

- ☐ One matched set of 6 SA FIRE INJECTORS for \$8.94
- ☐ One matched set of 8 SA FIRE INJECTORS for \$11.92
- ☐ Single SA FIRE INJECTORS (Number . . . . .) at \$1.49 each

Enclosed is the full price for the SA FIRE INJECTORS. I will receive a special FREE Bonus a famous illustrated 62-page "Economy Driving Handbook." Though I pay in advance, all terms of this offer and Guarantee—Insurance—Indemnity apply, and the Handbook is mine to keep even if I return the Fire Injectors.

### CHECK THESE DIFFERENCES

SPARK PLUG	FIRE INJECTOR
Fires across air gap	No air gap required
Wire electrode burns away	No wire electrode
Carbon ruins firing tip	No tip deterioration
Needs cleaning and setting	No cleaning or setting ever
Needs periodic-replacing	No replacing
Needs premium gas	No premium gas needed
Must have exact heat range	No heat range
Spark blows out under pressure	No blowing out even at highest compressions

### GUARANTEE—INSURANCE—INDEMNITY

Take your set of SA FIRE INJECTORS and install them immediately; then, give your new injection system every test you can think of . . . starting—acceleration—gas mileage—motor pep and smoothness for 10 full days. You must get up to 31 more horsepower—up to 8 more miles per gallon—increased engine RPMs—faster starting, blazing acceleration, freedom from knots and pins, easier starting in all kinds of weather . . . AND DO ALL OF THESE THINGS ON REGULAR GAS. OR YOU GET YOUR MONEY BACK.

As long as the SA FIRE INJECTORS are in your car you are covered by a PRODUCT LIABILITY INSURANCE POLICY, endorsed by an internationally famous insurance company. A detailed description of this coverage is yours on request.

If any SA FIRE INJECTOR does not continue to deliver maximum performance for the life of your car, we will replace it FREE, or we will replace your ignition system with a set of brand-new standard American plugs. Simply return your SA FIRE INJECTORS with your guarantee.

C. D. Kasher, President, STERLING ARTCO, INC.

Ladies and gentlemen, I'm all through. If you're not too lazy to take 15 minutes to remove a set of plugs and install a set of fire injectors and not too proud to save a lot of money—if you enjoy a car that delivers the maximum in smooth, powerful performance—then choose the method of ordering easiest for you as shown in the coupon and order your SA FIRE INJECTORS right now!

Yes, I want new pep, power and performance from my automobile! Please send me:

☐ One matched set of 6 SA FIRE INJECTORS for \$8.94

☐ One matched set of 8 SA FIRE INJECTORS for \$11.92

## 'What Price Education' Theme For Community Conference In La Mesa

"What Price Education" is the theme of the fourth annual community conference on education, council president. March 14 in La Mesa.

The conference, conducted by and for the citizens of the community, is sponsored by La Mesa-Spring Valley's School District Advisory Council. Dr. Melvin Anderson, a member of the council and dean of admissions at San Diego State college, is chairman of the event.

Letters of invitation have been sent to presidents of nearly 60 community organizations, said Dr. Anderson. Presidents have been asked to mark the date on their calendars, to publicize the meeting, and to submit questions for possible discussion at the conference.

Keynote speaker at the all-day session will be Dr. Frederic F. Woellner of the University of California at Los Angeles. Tentative programs call for citizen discussion of school organization and finance, classroom learnings,

The conference sessions, including a luncheon, will be held at La Mesa junior high school. Last will again be divided into discussion groups of 12 persons each so that every citizen will have a chance to "speak his mind," Birch added.

The conference is being conducted at the request of the board of education of the La Mesa-Spring Valley school district. It is hoped that a large group of citizens will gather to discuss the critical problems which face education today, said Dr. Anderson.

## Writers Club Offers Prizes

The next meeting of the La Mesa Writers Club day session will be held Monday in Porter Hall (old library building) University and La Mesa boulevard, at 1:30 p.m. Visitors are welcome, says president Luther Smith. Members are asked to submit articles of 1,000 words or less.

A motion was made and carried at the night session of the club recently that prizes be awarded at the February 14 meeting for the best and second best articles written. The prizes will be \$3 and \$2 for articles, 1,000 words or less. Members not able to attend may mail their articles to president Luther Smith, 8414 Lemon avenue, La Mesa.

**WOMEN WELCOMED**—Mrs. Lee Nottingham, center, president of the Lemon Grove Woman's Club Juniors, affixes a club pin on Mrs. James Maloney, signifying membership in the women's club while other new members look on. From left, are Mmes. Dick Meads, Wayne Chubb, Nottingham, Maloney, and Bert Ling. The new members will be initiated Tuesday at a dinner in the Terrace room of the Lafayette hotel in San Diego. A fifth new member is Mrs. Hillyer Prentice Jr.

## San Diegan Re-elected Secretary Of Metropolitan Water Board

Joseph Jensen was unanimously re-elected chairman of the board of directors of the Metropolitan Water District of Southern California, at a meeting of the board on January 13. This will be Jensen's sixth consecutive term as chairman of the board.

Warren W. Butler was re-elected to serve a sixth term as vice chairman and Fred A. Heilbron was re-elected to his fifth term as secretary. Each officer was elected for a two year term.

Secretary Heilbron is one of the directors representing the San Diego County Water Authority and is also chairman of the authority's board of directors. He was appointed to the district

board following the annexation of the authority to the district in 1947. He is the owner of the Fred A. Heilbron Plumbing and Electrical Contractors.

Members and officers of the board of directors of the Metropolitan Water District serve without salary. The board consists of 37 members who represent the 13 "original" member cities of the district, nine municipal water districts and one county water authority. Altogether, there are 84 incorporated cities within the boundaries of the district, which covers an area of 3,290 square miles in the five counties of Los Angeles, Orange, Riverside, San Bernardino and San Diego.

## California Tax Collections Rise \$500 Million Over Last Year Total

State, local and federal tax collections in California rose over \$500 million above last year's figure to reach an all-time high of \$10,561,724,487 for the fiscal year, 1957-58, according to a report from the California chamber of commerce tax department.

For the previous fiscal year, the total was \$10,054,129,119. Overall total tax collections 16 years ago, in 1940-41, amounted to \$1,079,999,259.

In the category of federal tax collections, California ranks as second highest in the nation, the report shows. New York state, with federal tax collections of \$15,348,079,000 ranks first, while California's total federal tax collections were \$6,753,950,000. This compares with the previous year's California total of \$6,643,780,000.

State tax collections amounted to \$1,842,685,487 in 1957-58, as compared with the previous year's \$1,816,413,486. Local property taxes, based on the state chamber's estimate of levies by county and city governments and school and special districts, amounted to \$1,757,089,000 as compared with the previous year's \$1,434,219,265.

The report disclosed that increases in school district taxes amounted to \$133,974,000 in a year's time. The total for 1956-57 was \$647,462,000 as compared with the 1957-58 total of \$781,436,000. In 1940-41, the total school district taxes amounted to only \$104,237,631.

City and county sales taxes accounted for \$208,000,000 of the total, according to the chamber report, while state sales and use taxes amounted to \$603,664,637. Highway use fund collections

totalled \$434,963,090, including \$301,966,783 in motor vehicle fuel taxes; \$117,793,277 from motor vehicle fees; and \$15,203,080 from tax on for-hire carriers. This compares with the previous year's total of \$422,276,709.

## Glider Meet Set For February 21-22 At Torrey Pines Field

San Diego will be the site of the largest sailplane meet in the southwest United States February 21-22 when the 13th annual Pacific Coast midwinter soaring championships are held at Torrey Pines Gliderport.

The two-day soaring meet is co-sponsored by the San Diego junior chamber of commerce and the associated glider clubs of Southern California.

Glider club president John W. Williams, said invitations are being mailed this week to sailplane pilots in California, Arizona and Nevada. The meet is expected to lure more than 30 contestants.

Williams announced the appointment of Ed Salkeld as meet chairman for the soaring group. Members of the Jaycees planning the event include Roger Turnpaugh, aviation committee chairman, and John Gorman, project chairman.

The John J. Montgomery memorial trophy will be awarded the pilot scoring the greatest number of contest points during the competition.

Paul Bikle of Lancaster, California, won the sweepstakes trophy last year to become the first three-time champion in Torrey Pines history. Bikle is a civilian employe at Edwards Air Force base.

## Lipton To Head County Fair Group

Lewis Lipton, a San Diego restaurant owner has been elected president of the 22nd District Agricultural association which sponsors the annual county fair at Del Mar.

Other officers are Willis Fletcher and V. Earl Roberts, first and second vice presidents, respectively. Both are San Diegans.

Lipton, 56, succeeds Harry Frame of Poway. At the same organizational meeting held at the exposition grounds, Richard B. Todd, Rancho Santa Fe contractor, was seated on the board succeeding Chaffee C. Young of Escondido.

Lipton has been a director since 1957. He is coordinating chairman of U.S. Selective Service in San Diego, a member of the military manpower committee, sixth army; member of the federal U.S. Civil Defense and member of U.S. Army and Air Force southern recruiting district.

He's also affiliated with the Guardians of San Diego, San Diego Eagles Club, YMCA, and San Diego Elks Club.

## NO OTHER PICKUP ...RIDES LIKE A '59 FORD

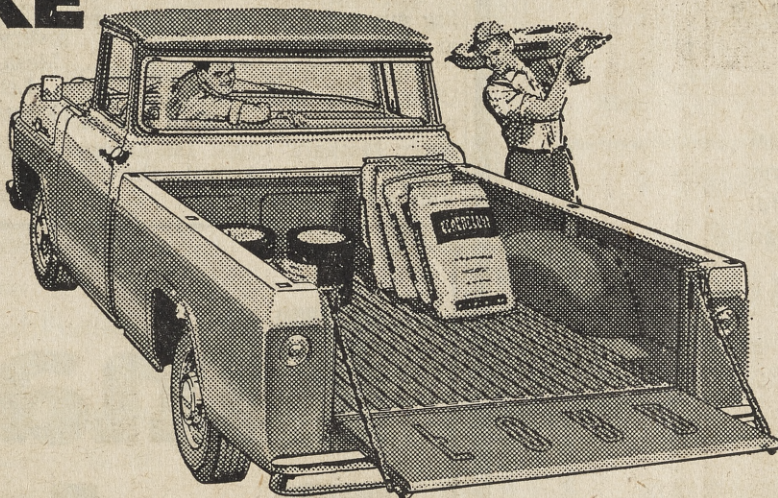

You get the smoothest ride of any 1/2-ton pickup, thanks to Ford's heavy-duty, 2-stage rear springs and long, tapered, leaf front springs. Scientific Impact-O-Graph tests prove it. Non-sag type wire springing in seats provides natural body support for added comfort.

27 Ford pickups for '59! Choice of 3 wheelbases, 3 body styles, 4 body sizes and 5 Short Stroke engines.

## ...HAULS LIKE A '59 FORD

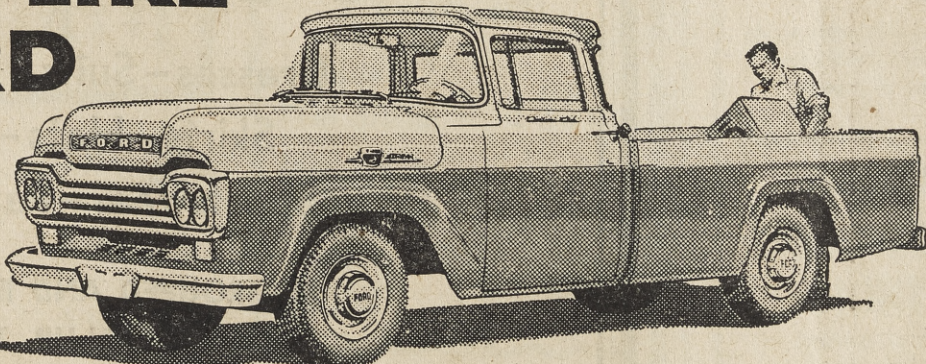

Roomy Styleside box gives you 56 cubic feet of loadspace on 110-inch wheelbase. Big 8-foot box with 70 cubic feet of load capacity is available with 118-inch wheelbase. Both bodies feature welded all-metal construction to give the structural strength needed for heavy hauls. Ford's toggle-type latches hold tailgate firmly in position to eliminate rattles. And you've got Ford Short Stroke power to haul without huffing or puffing.

'59 Ford Styleside is roomy—and rugged! Wrap-around rear corners with rigid box-girder type construction strengthen both body and tailgate.

## ...SAVES LIKE A '59 FORD

To the only Short Stroke Six in pickups today, Ford now adds a new economy carburetor. Result: the greatest gas-saving combination of the road—and it's yours at no extra cost! And remember—if you need the extra power of a V-8, Ford has had more experience in building V-8's than any other truck manufacturer.

And a Ford keeps on saving! Maintenance is low, trade-in value is traditionally high. And insurance studies prove that Ford trucks last longer!

Call us NOW!

### Former Grovan Named Head Of E.C. Blvd. Assn.

Joseph I. Feldman, who formerly operated an escrow firm in Lemon Grove, was installed this week as president of the El Cajon Boulevard Civic Association.

Feldman is president and manager of the Midwest Escrow Corp. in San Diego. He practiced law in Cleveland 24 years before coming to Lemon Grove three years ago. He transferred his escrow service to San Diego a year later.

### Club Installs John A. Davis

As newly elected president of the San Diego Dinner Club, John A. Davis, president of Southland Savings and Loan Association, assumed official duties Wednesday of this week at the club's monthly meeting in the San Diego Club.

For the past several years, Davis has been an active member of this unique organization whose sole purpose is to entertain, educate and stimulate the thinking of its members by presenting outstanding speakers not usually heard in the San Diego area.

### To Head Lutheran Church Congregation

Robert Buckner was elected president of the Lemon Grove Lutheran church Sunday at a potluck dinner at the church. The congregation also decided to apply for the services of a student pastor who will serve for one year, beginning September 1.

A pocket testament movement will be held Sunday and parents are to be guests. Dinner is scheduled for 6 p.m.

The church will participate this spring with other National Lutheran Council churches in the San Diego area in a preaching-teaching mission.

### Mrs. Donnelly, 81 Dies After Stroke

Nell W. Donnelly, 81, 3163 Massachusetts, died suddenly Friday following a stroke at home. She had been in apparently good health until the day before she died.

She is survived by a son, Robert; a daughter, Mrs. Margaret Carrington; four grandchildren and three great-grandchildren.

Services were held Saturday at Conrad's mortuary in Lemon Grove, followed by cremation.

### Church League Presents Skit On Pastor's Work

Members of the senior hi league of the Lemon Grove Lutheran church presented a program for the league entitled "This Is Your Pastor" at their meeting on January 11. The skit was modeled on the television program, "This Is Your Life," and was presented so leaguers might become more acquainted with the life and ministry of their pastor, Reverend H. C. Bakken.

Program plans were made by Marilyn Hoberg and Brenda Priest. Participating were: narrator, Karen McKinney; panel, Marilyn Hoberg, Donna Ellis, David Chell, Judy Waterman; advertisements, Brenda Priest, Nancy McCaslin, Leslie Killorn, and Suzanne Jurgenson.

Also, Lois Duea, Joan Humberstead, Jim Kaiser, Denise Johnson, Carol Knight, and Larry Moe.

The senior hi league also attended the annual circuit hi league outing which, this year, was a roller skating party held January 19 at Palisades roller skating rink. Leaguers from all of the Evangelical Lutheran churches in the county were present.

Rev. Bakken and members of both the junior and senior hi leagues and the congregation are working to form a church orchestra with pastor Bakken as the director.

Rehearsals are held every Sunday at 5 p.m. at the Lemon Grove Lutheran church. A youth choir has also been organized for leaguers in grades six through eight with rehearsals every Sunday at 6 p.m.

### Who's Meeting --And Where

Country Cousins: Square dance every Saturday night at the La Mesa Junior High School.

Lemon Grove Rainbow Girls. First and third Thursdays at Education Building, Encanto Methodist Church, 6540 Brooklyn St. 7 p.m.

#### MERRY WHIRLERS

New officers were elected last week by the Merry Whirlers. They are Skeets Gunn, president; Tom Clabby, vice president; Donna Biddle, secretary; Betty Ware, treasurer; Joan Pierce, publicity and Betty Gunn, publications secretary.

A dance will be held at Rolando school, 70th and Tower, Saturday at 8 o'clock.

#### FRONTIER SQUARES

Frontier Squares will take part in the Presidents' Dance scheduled for March 28 at the National Guard armory in National City.

The Frontier's beach party is set for Saturday at Spring Valley Junior High School.

More than 300 dancers paid to take part in last Saturday's dance. Bill Keller and Larry Garrett called.

### Hospitals Report Four Area Births

Area hospitals reported four babies born to Lemon Grove and Spring Valley families from January 9 to January 15.

Paradise Valley Hospital listed a baby girl born January 15 to Mr. and Mrs. Lester Taylor of 3310 Alford street, Lemon Grove. She weighed seven pounds, 1½ ounces.

Grossmont Hospital reported a boy, weighing five pounds, four ounces, born January 9 to Mr. and Mrs. Jerome Roth of 3514 West street, Lemon Grove; a seven pound, 4½ ounce, girl born January 12 to Mr. and Mrs. George Rutherford of 1975 Calle entre, Lemon Grove, and a six pound, 6½ ounce, girl also born January 12, to Mr. and Mrs. Clarence Engebretson, 8725 Ildica, Spring Valley.

### Business Women Will Tour LA

The Business Women's League of Lemon Grove is planning a sightseeing tour by bus to Los Angeles on Wednesday of next week.

The tour will be an all-day trip and will include stops at a Greek cathedral, lunch at Farmers Market, a matinee at "Cinemiracle" and dinner at Knott's Berry Farm. Mrs. Doris Chappelle is program chairman and is in charge of the arrangements for the tour.

The tour takes the place of the regular luncheon meeting scheduled for January 15, according to an announcement by Mrs. Frank Ellis, president.

## Matadors Drop Two Games To Rivals; Have Offense Trouble

by Bill Ott

The Mt. Miguel Matadors, basketball team lost two games last week, losing a Metro League game, to their rivals, the Helix Highlanders, 62-25 in the Mt. Miguel gym and dropping the second to the Kearny Komets of Linda Vista 42-32 in the Kearny gym.

In the Helix game, the Matadors could not get their offense started and their defense could not stop the sharpshooting Highlanders who rolled up a 29-14

## 1958 Record Year For FHA Aid, Says Commission

"The demand for Federal Housing Administration mortgage insurance assistance soared to unprecedented heights during 1958," FHA commissioner Norman P. Mason announced this week.

"Preliminary summaries of field office reports indicate the largest volume of applications for the insurance of existing-home mortgages and the second highest volume of new-home applications in the 25-year history of the agency," Mason said. "Multifamily rental and cooperative project applications were the highest since 1950. As a result, the total FHA application volume in 1958 reached an all-time high of 980,200 units—81 percent above 1957 and 21 percent above the previous yearly record of 809,100 units established in 1950," Mason added.

Compared with 1957, new-home applications increased 72 percent to 341,700 units, existing-home applications nearly doubled, reaching 546,000 units, and multifamily project receipts rose 37 percent to 92,500 units. Total home applications in 1958—887,700 units—were 88 percent above 1957 and 44 percent above the previous 1955 high of 618,600 units.

Construction was started under FHA inspection during the year on 295,400 dwelling units—75 percent more than in 1957 and exceeded only by the 1949 and 1950 volumes. Home properties started with FHA assistance totaled 270,300 units—80 percent above 1957 and second only to the 1950 record of 328,200 units.

half-time score and a 33-11 final score to boost their record to 2-1 while the Matadors are 0-3 in league competition. High scorers for the Highlanders were Don Weist and Wally Hartwell who each scored 15 points while Jerry Lipscomb led the Matadors with six points, followed by Roger Rutherford who scored five points.

Score by quarters:  
Helix ..... 15 14 21 12 62  
Mt. Miguel ..... 8 6 5 6 25  
Mt. Miguel held a 23-22 half-time lead but were held scoreless in the third quarter while Kearny scored five points to take the lead going into the last quarter 27-23 and out-scoring the Matadors 15-9 to win the game.

High scorer of the game was Jeff Cox of Mt. Miguel with 17 points, followed by teammate Jerry Lipscomb who scored six points. Leading Kearny was Howard with 13 points, followed by West who hit for eight points.

Score by quarters:  
Kearny ..... 11 11 5 15 42  
Mt. Miguel ..... 10 13 0 9 32

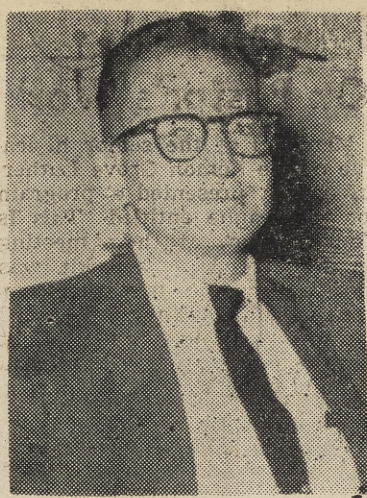

## Lemon Grove Residents Attend Episcopal Convention In LA

St. Philip's Episcopal church in Lemon Grove was represented by Rev. J. Phillip Bartlett and delegates Forrest J. Attaway and Archie D. Brack of San Diego, and Richard Grout, 3766 Vista street, and Paul Cour, 3673 Front street of Lemon Grove at the 64th annual convention of the diocese of Los Angeles. The convention was held Tuesday and Wednesday at St. Paul's Cathedral and the Statler hotel in Los Angeles.

The local men joined with the clerical and lay representatives of the 176 Episcopal parish and mission churches in southern California in legislating the business of the Diocese for 1959. More than 1,000 clergy and lay delegates took part in the two-day discussion.

Under discussion was increased assistance in World Relief rehabilitation, development of the research and counseling programs in religion and health, extension of theological study programs and field training for lay evangelists, and the establishment of missions of the church in newly developed areas.

## Joins Group

Dr. Frank Hattox, former flight surgeon at the El Centro Navy Air Base, has joined the Lemon Grove Medical Group at 3240 Main street. He becomes the fourth doctor of the group. Others are Drs. Herbert, Brumbaugh and Early. Dr. Hattox was graduated from Baylor college and served his internship in naval hospital in San Diego. He spent three and-a-half years in the service.

He was associated with Dr. Tom Early, who also served at the navy hospital here and it was this acquaintanceship which directed Dr. Hattox toward Lemon Grove.

He and his wife, Jody, live with their four youngsters, ranging from six months of age to seven years, at 2845 Drew lane in Lemon Grove. The family are members of the Southern Baptist church in Lemon Grove. Dr. Hattox is from Grass Valley, California.

## On-the-Job Teacher Training Program Open

Openings exist for 10 college graduates who will receive paid on-the-job training through the intern teacher program conducted jointly by the city schools and San Diego State college, a city schools' official said this week.

Personnel director Dr. Frank Tait said 25 persons have qualified for a new group of elementary grade level interns who will begin training in February, but a class of 35 is desired.

## The Dimmer View

(Continued)

into the La Mesa Methodist church at Palm and Lemon streets where Mary Carolyn, the daughter of Mr. and Mrs. Carl Milner was being married to Roy Kerl.

They sat through the ceremony after leaving an expensive gift for the bride, never realizing they were at the wrong wedding. Mrs. Keyes said it seemed strange later that the Lande girl's parents were not present, but at large weddings, with all the hub-bub, it is possible to miss seeing a large segment of the guests, she felt.

The Keyes discovered they had graced the wrong ceremony when the Milner girl, by now Mrs. Roy Kerl, sorted her wedding gifts for sending thank-you notes. A little detective work and a quick trip across town and the error was adjusted.

Then there is the sorry plight of W. Earl Smart, a local attorney who has complained for more than four years that he could not win one of the weekly door-prize drawings of the local Rotary club where he is a member.

No one can possibly escape the inexorable averages for so long a period, he rationalized. Yet he had never gotten the winner's call.

A few days ago Smart was a guest at the annual dinner of the Lemon Grove Kiwanis club, the only Rotarian present, too. There was the inevitable drawing.

Know who won it? Smart!

★ Dairy guide to good eating: three or more glasses of milk daily for adults; three to four more glasses daily for children; and for everyone, two or more tablespoons of real butter daily.

## Women Honored For Service At Potluck Luncheon

The sixth anniversary of the Vogue section of the Lemon Grove Woman's Club was celebrated Saturday with an honorary potluck luncheon at the clubhouse. The luncheon honored past chairmen Mrs. A. C. Berquist, who originated the Vogue section, Mrs. William Hubbard, Mrs. Harold Wolfarth, Mrs. J. A. Setchell and Mrs. L. Thorogood, present acting chairman.

Past coordinators between the Lemon Grove Woman's Club and the Vogue section were also honored. They are Mrs. G. B. Love-day, Mrs. E. L. DuChemin, Mrs. Thomas Duffner Jr. and Mrs. A. Codina.

Each honoree was presented with a corsage.

Chairman for the affair was Mrs. Ed Stroppe. Assisting as hostesses and serving on the decorating committee were Mrs. John Gregory, Mrs. G. G. Collier, Mrs. M. S. Lachman and Mrs. Thorogood.

The honorary luncheon will be an annual event.

## Polio Social To Benefit Victims

The Gamma chapter of Epsilon Sigma Alpha, national sorority, will hold its annual polio social at the home of its welfare chairman, Mrs. Alvin L. Bennett, 4750 Orten street, Tuesday at 8 p.m.

The evening will be spent playing cards and games and plastic wear will be sold. Polio is one of Gamma's philanthropic projects. Most of the proceeds taken in Tuesday evening will be given to the polio foundation. Prizes will be awarded and refreshments will be served Tuesday evening.

Hostesses for the evening will be Mrs. Alvin L. Bennett and Mrs. James L. Chipps. The social chairman who is working along with the hostesses is Mrs. Woodrow Sommerville. Guests are invited.

## Boat Show Opens Friday In S.D.

California's third largest boat show, The San Diego Boat Show, will open at 12 noon Friday at the electric building of Balboa Park, according to Earl Mansell, president of the San Diego Marine Association, sponsors of the event.

The Friday opening will start the industry's third annual event which is "bigger and better than ever," according to Mansell. Slated for a 10-day run, the show will feature over 50 exhibits of boats, motors, marine hardware, accessories and services.

More than 40,000 persons are expected to view the event.

### School Employees

#### To Install Officers

The Classified Employees Association of the La Mesa-Spring Valley School District, school employees other than teachers, will install officers at the association's annual installation dinner-dance February 7 at the El Morocco Club.

Incoming CEA officers are: David E. Miller, president; Edwin Winke, vice president; Mrs. Margaret Nielsen, recording secretary; Mrs. Ann Espe, corresponding secretary, and Vernon M. Morey, treasurer.

### April Given For Cancer Crusade Date

The 1959 county-wide goal of the Cancer Memorial Crusade to be staged in April will be set at the quarterly meeting of directors of the San Diego county branch, American Cancer Society, January 29 at noon at the Cuyamaca Club.

G. V.D. Jones, president of the branch, said it is expected the goal for this year will be slightly higher than the \$156,000 goal in 1958 which was exceeded by more than \$11,000.

Principal speaker at the meeting will be Mrs. Carol Purdy, health physicist for the aviation, space and radiation medicine department of Convair, San Diego. She will talk on "Living with Radiation in the Atomic Age."

### GA & Convair Scientists To Give Student Talks

Lemon Grove and Spring Valley high school science students will have an opportunity to hear scientists and research experts from General Atomic and Convair Astronautics during this spring's series of lectures in Crawford high school, San Diego, according to Mrs. Edward Longstreth, president of the Theatre and Arts Foundation of San Diego county.

The foundation sponsors the lectures each spring and fall in association with General Atomic, Convair, Convair-Astronautics and the University of California's Scripps Institution of Oceanography.

## Teachers Wanted For Overseas Army Schools

San Diego and Imperial county teachers interested in positions with the Army's American dependents schools in Europe and Asia will be interviewed February 16 and 17 from 3 to 9 p.m. in the placement center at San Diego State college.

Representatives of the army schools will be on campus to interview qualified teachers about openings in Japan, Okinawa, Germany, France, and northern Italy.

Applicants must be U. S. Citizens

between the ages of 23 and 60 with two years' successful teaching experience. Contracts are for a minimum of 12 months.

Interested persons should call the placement center JU 2-4411, for full information.

Army's American dependents schools overseas are educating 50,000 American youngsters in 140 schools. Kidwell said 85 percent of the enrolment is in the elementary grades.

Last year recruiters experienced difficulty in filling the following specialties: speech correction, elementary reading, exceptional children, mathematics, physical science, guidance, library, and industrial arts.

Secondary teachers are expected to teach more than one subject and must be prepared to conduct at least one extra curricular activity.

Of 87 teachers interviewed by army schools representatives at San Diego State last year, 27 were offered positions and 17 are now serving abroad.

### Denver Stowers Dies In Hospital

Funeral services for Denver Stowers, 73, of 3242 Kempf street, were held Monday at Greenwood Mortuary. Entombment followed at Greenwood mausoleum. Mr. Stowers died Saturday at Grossmont hospital. He had been ill for five years.

He was a retired barber and had lived in the Lemon Grove and La Mesa areas since 1923. He owned and operated several barber shops in both areas.

He was born in Denver, Colorado. Mr. Stowers is survived by his wife, Emily.

### Convair Manager Named To Head SD 'Army' Board

Sr. captain Albert Longden, commanding officer of The Salvation Army in the San Diego area, announced last week that Jerry Lee Pecht, past Spring Valley advisory board chairman, has handed over the chairmanship to George Covington, manager of long range planning at Convair, San Diego. Present to conduct the Army's board meeting last week were Colonel William Parkins, divisional commander of The Salvation Army for Southern California and major Donald Barry, divisional secretary. Other officers elected were secretary, Leroy Fitzgerald, manufacturing engineer at Convair, San Diego; and Dr. John Kostanzer, an optometrist, as treasurer.

Two main items of business were discussed at the meeting with the advisory board chairman. Discussed was the nomination of chairmen of committees to assist The Salvation Army in an advisory capacity in different realms. Heads of the committees were: finance committee, John D'Alfonso, insurance agent; property committee, Wallace Walters, realtor; public relations committee, Marion Harris, owner KGB radio.

Also discussed were projects to be completed for the coming year, including the completion of The Salvation Army welfare study with relation to its work in the San Diego area, plans for the summer camping program, position of The Salvation Army with regard to the Community Chest and the United Fund allocations for the coming year.

It is felt that as a result of the agency review conducted by the Community Welfare Council of San Diego, The Salvation Army will be able to operate on much the same basis as last year, that is, approximately 85 percent of its actual budget.

### Include Name, Address On Income Tax Form, Reminds INS Director

It's worth your while to type or print your name and address clearly and legibly on your 1958 federal income tax return, reminds Robert A. Riddell, director of internal revenue for Los Angeles district.

"Believe it or not," he said, "some 400,000 taxpayers had to be searched out last year so Uncle Sam could pay them refunds running into millions of dollars."

Most of them, he added, either scrawled their names and addresses so they could not be read or just plain forgot to provide one or the other.

"In some of the cases," he said, "the taxpayers failed to give their forwarding addresses to their postmasters when they moved."

So, he advised, type or print your name and address clearly on your 1958 return and, if you should move, leave your forwarding address with your postmaster.

"Then you'll be sure to get any refund due you right away," he said.

### Jobs Open In Foreign Lands For Secretaries

Do you have a Dulles complex?

If you do, there are jobs in foreign lands for secretaries and stenographers with a bent for travel.

Personnel representatives for the United States Department of State are presently visiting in San Diego searching for qualified candidates to work at American embassies and consulates in 80 foreign lands.

Persons who can meet the secretarial or stenographic standards are eligible. They must be high school graduates, at least 21 years of age, single with no dependents, American citizens for at least five years, and in excellent health. A minimum of three years office experience is required to qualify for these positions as well as the ability to type 50 words a minute and take shorthand dictation at 80 words a minute.

There is also need for communications clerks who can type at least 45 words a minute. Preference for these positions is given to persons who acquired communications training and experience while in the military service.

Salaries range from \$3,730 to \$4,180 per year plus overseas allowances. Salaries are supplemented by liberal housing and cost-of-living allowances. For instance, in some areas, secretaries earn a gross of over \$7,000 a year. Upon completion of a two-year tour of duty, employees are returned to their homes in the United States for six weeks of home leave before reporting to their next overseas assignment.

Liberal vacations provide time for sightseeing, shopping and other activities determined by your tastes and the customs of the land. Many an interesting hour is spent by foreign service employees as they compare notes on safaris, skiing on the Zugspitze, wild boar hunting in Australia, golfing on sand courses or the fun of finding activities "just like back home" in foreign lands.

Interviews are being conducted at the California State Employment Service office, 1730 Kettner boulevard, San Diego, now through January 31. Office hours are 9 a.m. to 4 p.m., Monday through Friday, until 7 p.m. Wednesdays and 9 a.m. to noon Saturdays. The telephone number is BE 2-4292.

For those who are not ready to launch a career in the United States foreign service, positions for secretaries and stenographers are now available at the U.S. Department of State headquarters in Washington, D. C. Starting salaries range from \$3,495 to \$4,040 a year. Applicants must be at least 18 years of age and able to type a minimum of 40 words a minute as well as take shorthand dictation at 80 words a minute.

### 'News' Is Theme For Cub Pack 308 Monthly Meeting

by Mrs. Richard Lundberg

Many boys were indoctrinated into the ranks of scouting at the monthly ceremonies of Pack 308 at Lemon Grove junior high school, Friday.

The theme for the meet was "News—Radio and Television." An interesting skit was performed by Mrs. Sanderson's Den 8. The sound effects depicting the rapid fire typing of a reporter about to bring his editor a scoop and the sound of the rolling presses brought the audience into the busy realm of journalism.

Max Goodwin, editor and publisher of the Lemon Grove Review, presented a story of journalism in 1910 in Birmingham, Alabama. The story of the courage and integrity involved in doing a good job in reporting the news was evidenced by the quiet that prevailed in the auditorium.

You will be seeing lots of Scouts the week of February 6-13. This is Scout Week and regulations permit the boys to honor their special week by full use of their uniforms.

Everyone is looking forward to Tuesday, February 7, with expectancy. Our Blue and Gold dinner, in honor of scouting's 49th birthday, will be held at the junior high school. This is the night the overworked den mother rests on her laurels and is the guest of honor.

A large number of Pack 308 boys received awards of merit from Cubmaster Belden. The transition made when a Cub Scout becomes a Boy Scout is a solemn and dignified one. Four Pack 308 boys have entered various Boy Scout troops. They are: Daniel Colestant, Frank Sanderson, Dennis Wilkinson and Raymond Bevier.

There is a great need for new den mothers. We have many boys applications, but no adult leaders for some of them. If you are interested, call Cubmaster Clyde Belden, HO 9-0979.

## Mothers' March Date Set; Local Captains Named

Volunteer leaders were named this week as district captains of the 1959 Mothers' March as plans for the annual fund-raising finale to the March of Dimes got underway.

The appointments were announced by Mrs. Ruth Price Weis, county chairman of the Mothers' March, who said that lieutenants would be named shortly. The hour-long "march" will take place in Lemon Grove and Spring Valley Tuesday evening from 7 to 9 p.m.

Appointed local captains are: Mrs. W. R. Schell, 2747 Massachusetts avenue; Mrs. Robert Gutshall, 3060 Olive street; Mrs.

J. W. Forrer, 4258 Blackton drive and Mrs. Leo Zent, 1636 Fairfax.

During the "march" mothers will call on their neighbors for contributions to launch the national foundation's expanded program.

"The success of our Mothers' March, climaxing the March of Dimes, will determine the effectiveness with which the four-target attack on disease can be carried out," the chairman said. "Polio and other virus diseases, arthritis, birth defects and disorders of the central nervous system are the initial specific targets. Only by expanding our ranks and increasing volunteer participation in the Mothers' March can we hope to launch an effective attack in this broad field of battle."

During the "march," home owners will signal their desire to contribute to the March of Dimes by turning on their porchlights or placing a lighted candle or lamp in a front window. Hotel and apartment dwellers will tie a handkerchief or ribbon to their doorknobs to signify their intention of contributing.

All women who want to take part in the Mothers' March should get in touch with their district captains as soon as possible, the chairman said. Each marching mother will be responsible for visiting homes in her immediate neighborhood during the hour-long "march."

## GUHS Board Sets Date For Election

The Grossmont High School District board of trustees set May 19 as the date for a school bond and trustees election at an adjournment meeting Monday night. Subjects discussed last week were continued at Monday's meeting.

The district is asking \$5 million in local bonds and authority to borrow \$2,750,000 from state aid. This will be the first time the district has borrowed money from the state for school construction since Helix High School was constructed in 1950-52. The district did have authority, as the outgrowth of a bond election in 1957, to borrow state money but did not use it, Harold Hughes, district associate superintendent, said.

Tremendous growth in the district makes it imperative that projects be completed on Grossmont High School, El Capitan High School and three high schools to be built. El Capitan High in Lakeside is scheduled to be opened in September. The three planned are: (1) at Fourth and Madison in the El Cajon area, expected to be ready in 1960; (2) on Sweetwater Springs boulevard in the Spring Valley area, expected to be ready in 1961; and (3) in Santee, no definite time scheduled.

There will be two members elected for the trustees board. The terms of Mrs. Charles Goode and Lester Freeman will expire at the end of the school year in June. To date, no one has filed.

### Mrs. Henning Dies After Long Illness

Mrs. Mary Elizabeth Henning, 46, of 8651 Jamacha road, died Sunday after a lingering illness.

Services were held on Wednesday of this week at Conrad's mortuary in Lemon Grove, followed by cremation.

Mrs. Henning is survived by her husband, Robert E.; three sons, Nicholas, Thomas and Roland, all of the Jamacha road address; her father and mother, Mr. and Mrs. George Pinham of Seattle; a sister in Colorado and a brother in Seattle.

She was a member of a local Christian Science church.

PEANUT SELLERS—Janice Johnston, left, and Nancy Collette are shown preparing for the annual Campfire Girls peanut sale which started Friday. The girls, members of Oki-Ko-Cante troop, district 8, were champion sellers last year. Janice sold 348 cans and Nancy sold 276 cans. They will try to beat that record in this year's door-to-door sale. Janice is the daughter of Mr. and Mrs. Victor Johnson of 2630 Bonita street and Nancy is the daughter of Mr. and Mrs. Rene Collette of 2520 Bonita street. The peanut sale ends January 31.

## December Employment Breaks Record In San Diego County, Says D of E

The year 1958 brought extremes in labor force trends in San Diego county. Total employment fell to 261,400 in March, for the lowest level since November, 1956, then started upward in April, moving steadily ahead each month until November, when a new record of 274,700 was reached.

In December, total employment jumped to 278,000, again breaking all previous records, and ending the year in a blaze of glory. Losses in farm labor between November and December prevented an even greater rise. Agriculture employment was down 1,000 from November, but still 300 above the year earlier figure.

Retail trade hiring for the Christmas season and greatly expanded forces in postoffices provided the increase. Retail trade employment rose to 53,400, an all-time high, and was 3,900 above the November level and 900 above the year-ago total.

Unemployment rose to 10,500 in December, or by 700 from November. While the increase of the past month was by no means unusual for the period, the significant point was that December unemployment was 500 under the year-ago level. This marks the first month since June, 1957, that unemployment in the area has shown a minus value from the year earlier total. The jobless group was expanded during December by layoffs in aircraft, canneries, construction, and fishing.

The outlook for the first half of 1959 is very favorable. Employment will decline in January and remain at a lower level in February, but by March the upswing should be underway. Continuous gains should be made throughout the spring and summer months.

Aircraft plants will probably raise their payrolls by 2,500 to 3,000 workers and shipyards should show an increase of about 1,000 during the next six months. Other industries will reflect the manufacturing advances and rise steadily. Unemployment will increase in January and probably peak in February at around

12,000. Joblessness should move downward steadily from March on.

## LG Student Wins Lion Sponsored Speech Contest

Don Heiserman of Lemon Grove, won the student speaker contest at the Spring Valley Lions Club meeting January 25, at Singing Hills Country Club. Also speaking in the contest were Larry Johnson and Kathy Dederick. All three speakers are students at Mt. Miguel high school.

Judges for the contest were Everett Williams and Dalton Lindsey, both from the Mt. Helix Toastmasters Club. The students were escorted to the meeting by their parents or close friends.

Young Heiserman will represent the Spring Valley Lions Club at the zone speak-off March 9 at the El Cajon Masonic hall.

The student speak-off contests are given to encourage public speaking among the students of various high schools. After the zone speak-off, the next step will be the regional speak-off followed by the area speak-off and the district speak-off in May.

Finalist winner will be awarded a \$1,500 scholarship. All finalists will receive a \$500 scholarship, in addition to another useful award. Last year it was a typewriter.

## Voter Registration Available In Area

Mrs. Betty Seymour Robinson of 10096 Casa de Oro boulevard, announces she is deputy registrar of voters for the Casa de Oro-Homelands district. She urges all persons who have moved recently to register at their earliest opportunity.

Mrs. Robinson will register persons at her home in the morning until 11 o'clock and by appointment in the evening after 6. Her phone number is HO 6-1889.

## Scout News

The theme for this month's activity being "Cub Scout News-men" has led many of the Cub Scout dens into learning a little about printing and newspaper work in general. Some have visited newspaper plants.

Activities throughout the dens in Pack 325 are varying. Dens 2 and 5 plus the Webelos are practicing skits for the pack meeting January 29 at the Bancroft school, beginning at 7:30 p.m. This will be a combined meeting of Packs 325 and 329, the latter recently organized at Bancroft school. Den 4 of 325 will present the colors.

A brand new charter for 329 will be presented to Mrs. Charles Jackson, president of the Bancroft school PTA, sponsor of the new pack. An impressive Bobcat ceremony will induct all new Bobcats. The program will be presented by Pack 325, since this will be the first official pack meeting of 329. Following the meeting refreshments will be served by Pack 329.

### FROM THE "BEAVER LOG"

Eleven Scout troops have taken advantage of the council's early summer camp sign-up plan and have made cash reservations for 1959, according to a report from Marshall Brough, camping and activities chairman. In the Grossmont district Troop 171 of the Trinity Presbyterian church, have signed up for Mataguay.

### MEMBERSHIP CAMPAIGN

The council's 1959 sustaining membership campaign to raise funds to finance the continued growth of its scouting program is scheduled for February 16-23.

The executive board approved the date and adopted a basic plan for the county-wide effort at its December meeting. The council service, according to president McCarty, includes the operation and maintenance of the four council camps, the training of nearly 8,000 volunteer leaders, the operation of the council service center and the support of the numerous other activities for about 23,000 boys in the program.

The plan, as adopted by the board, is based on a 24-hour effort with each worker doing five things: (1) attending the kickoff dinner; (2) making his own investment at the kickoff; (3) selecting five prospects; (4) seeing his five prospects and selling them; and (5) turning in all prospect cards at a report meeting at the end of the day's effort.

### SCOUT FAIR

"Scouting Today for Tomorrow," chosen by the fair steering committee, is the theme for the 1959 Scout Fair, to be held in the Aztec Bowl, SD State college, June 6.

Tom Fletcher is fair general chairman. The steering committee is comprised of chairman Fletcher; Dr. Charles Schroeder, booth show; Dan Bellus, stage show; M. M. Clancy, special services; Bill Houser, publicity; and Henry Batchelder, member-at-large.

An information bulletin on this year's fair, the largest single activity planned by the council, is scheduled to be released to all Scout units by February 11, according to Fletcher.

Lemon Grove Brownie troop 986 has elected the following officers for the year: president, Linda Stout; vice president, Deanne

Lemon Grove (Calif.) REVIEW

January 22, 1959 Page 9

Markewich; and treasurer, Christine Parnell.

The troop recently was awarded world friendship pins by their leader, Mrs. Donna Barker and co-leader, Mrs. Maxine Stout. Girls receiving pins include Sharon Hazlett, Terrill Lee Lyons, Jean Paulsen, Linda Provenza, Cheryl Carper, Linda Stout, Socorro Garcia, Deanne Markewich, Shirley Norris, Coleen Reed, Christine Parnell, Diana Lybrand, Sonya Engelstad, and Debbie Gagian.

☆ January and February have been designated as "Let's Cook Up A Cook-In" time in the United States by the dairy farmers of America.

☆ Milk does it! 1959 Rose Bowl champions, Iowa State University average two quarts of milk daily per man.

by Bob Vaught

### FIRST CAMERA FAN

Seems we can't get away from photography even after store hours. Browsing in the library last night, what did we find out? Only the name of the world's first camera fan. He was none other than Leonardo da Vinci, the multi-talented Italian artist who painted the Last Supper and the Mona Lisa.

In his notebooks da Vinci described the following principle: light entering a tiny hole in the wall of a darkened room forms an inverted image on the opposite wall of whatever lies outside.

Camera obscura was the name given to this effect. Literally "dark room." Four hundred years later the same principle still permits the modern camera fan to take snapshots.

Of course, while the principle of photography has remained constant, a few other things have changed. The size of the equipment, for instance, has shrunk from a full room to a compact handful. And there's variety.

As a matter of fact we've got one of the most complete stocks of cameras you'll find in this area. Kodak snapshot cameras. Miniatures. And Brownie Movie Cameras. We've got them all and we'd be glad to show them to you the next time you're in the neighborhood.

## Avocado Production Costs Revealed By Farm Advisor

The cost of producing avocados in San Diego county will vary with the grower and with the orchard, according to University of California farm advisor Don Gustafson.

A recent report published by the University of California agricultural extension service points out it takes \$713.50 per acre to produce avocados in San Diego county, and that future success of the avocado industry will be based upon high quality and quantity of fruit and efficient management. This total represents all cultural costs (labor, tractor, equipment and materials), total harvest costs (picking and hauling), and additional costs such as taxes, general expense, depreciation, and interest on investment. The sample cost figures were obtained from a group of growers, commercial spray operators, irrigation specialists, and university farm management specialists and agriculturists. The figures are representative for each operation and material costs.

**EXPENSES LISTED**  
Irrigation and fertilizer expenses were the largest cultural costs. Water use averaged three acre feet per acre at \$40 per acre foot for a cost of \$120 per acre. The amount of labor required for 30 irrigations came to approximately \$27, giving a total cost of water and labor of \$147. Fertilizers were used in both the chemical nitrogen and the organic matter forms. If commercial nitrogen was used only, the cost of application and material came to \$33 per acre. If only organic matter was used, the price was \$25 an acre. If both materials were used at the same rate, the price was \$58.

Weed control was another high item, since many of the growers had to contract for this operation. Total costs came to \$30 per acre. With other operations, such as a zinc foliage spray or zinc soil treatment, rodent control and pruning, the total cultural costs came to \$277.50 per acre.

Total harvest costs ran \$62.50. This was based upon a yield of 5,000 pounds per acre. Picking was at one cent per pound and hauling was 10 cents a box for 125 boxes.

Other items which should be included by the grower for figuring total costs would be the investment per acre in (1) land, (2) trees, (3) sprinkler system, (4) tractor and equipment and (5) miscellaneous items. Also in these five categories, the depreciation per acre and the interest per acre would have to be included. Adding taxes and general expenses would then bring the total costs to \$713.50.

The costs in this study are based on a yield of 5,000 pounds per acre, a 10-acre owner-operated orchard, 10-year-old fuerte trees planted 20 ft. x 20 ft., and with labor at \$1.50 per hour. On the basis of 5,000 pounds per acre, the cost of \$713.50 would mean a grower must have 14.3 cents per pound return to "break even" in the production of avocados. If yield can be increased upward to 10,000 pounds, a grower could realize profit when a price per pound return to him is around 10 cents per pound. Avocado growers need to look at their operations carefully to see what can be done to (1) increase yields, (2) increase efficiency in the operation, and (3) if yields and efficiency cannot be improved upon, then to look for additional land to spread his costs over a larger volume of fruit.

A free copy of the leaflet, "Sample Costs to Produce Avocados," may be obtained by writing the farm advisor office, building 1, 4005 Rosecrans street, San Diego 10.

**Woman Navy Officer**  
**To Interview For**  
**Nurse Corps Duty**  
LCDR Patricia E. George, nurse procurement officer, will be at the Navy recruiting station, Post Office building, 8th and E streets, Monday and Tuesday, to interview young women interested in the Navy nurse corps.

LCDR George has stated that approximately 2,000 Navy nurses care for more than 14,000 people daily in naval stations around the world; at sea in hospital ships and transports, or during flights in military hospital airplanes.

The demands of the Navy nurses are not necessarily confined to patient care. An important part of the nurse's duties is the training of young men and women of the Navy assigned to the hospital corps. Also, she must keep up-to-date on the newest techniques that the atomic age has introduced, LCDR George said.

The Navy makes immediate appointments, from ensign to lieutenant, depending on the applicant's age and professional qualifications.

Young women interested in serving in the Navy nurse corps can also telephone the Navy recruiting station, BE 9-9414, to learn first hand of the advantages offered by the U. S. Navy.

## INCOME TAX FAX

This series, dealing with income tax problems, was compiled by the Society of California Accountants and will appear in this newspaper until April 15, deadline for filing income tax returns. It is presented as a public service to readers by the Society of California Accountants and this newspaper.

Reimbursed expenses has been a hot potato. Since 1951 the law, regulations and instructions have said we must include the reimbursement in income and then deduct the actual expenses, but not more than the reimbursement, to arrive at our reportable income.

Now we have new regulations. An employee who is required to account, and who does account, to his employer for his business expenses will not be required to report such expenses on his tax return, either detailed or in total amount. Any allowance to the employee in excess of his expenses must be included in his return.

An employee who is not required to account to his employer (or even though required, does not account) must report on his return the total amounts of expenses for travel, transportation, entertainment and other purposes which he incurs under a reimbursement or other arrangement with his employer.

One important change in the final regulations is a clarification of the rules in cases where the employee's reimbursement is less than the amount of his business expenses and he wishes to claim a deduction for the excess. In such cases, the employee must furnish a statement showing the total advances, reimbursements, or charges and the total of his business expenses—broken down into travel, transportation, entertainment and other expenses.

Under the new regulations an employee who is required to account to his employer for his expenses and does so will not ordinarily be called upon to substantiate expense account information unless:

(1) His expenses exceed the total amounts charged to his employer and he claims a deduction on his return for such excess; or,  
(2) He is related to his employer or is employed by a company in which he or his family owns more than 50 percent of the stock; or,  
(3) It is determined that the procedures used by the employer in accounting for these expenses are not adequate.

You should use form 2106 available at the nearest office of the Internal Revenue Service in reporting reimbursed expenses.

3rd Fabulous Week... *Food Basket's* January Sale Features

# CANNED GOODS EVENT!

Stock your pantry!... Great savings!  
Tremendous variety!... Specials in all

## Center Cut Chuck Roast

There's a savory difference in Food Basket Chuck Roast because each one is a Center Cut... at Food Basket you never get the less desirable blade cuts, which have more waste! Fresh cut from the finest U.S. Graded Choice... and then trimmed in Food Basket's unique style to remove excess waste and fat... to give you more delicious meat to serve your family.

U.S. GRADED CHOICE

49¢ lb.

## Boneless Cross Rib Roast

You can do such wonderful things with this genuine Boneless Cross Rib Roast... it makes cooking such fun! More tender than any other... because only Food Basket lifts the finely grained portion of the beef shoulder out of the less tender parts that surround it... you get a lean, tender roast that is all meat with not a single ounce of waste! Not only is it outstanding for a first meal, you can slice and serve it for follow-up meals.

U.S. GRADED CHOICE

79¢ lb.

## Boneless Cross Rib Swiss Steak 79¢

Exclusive at Food Basket, delightful for swiss steak or small family roasts. Put extras in your freezer. U.S. Choice.
